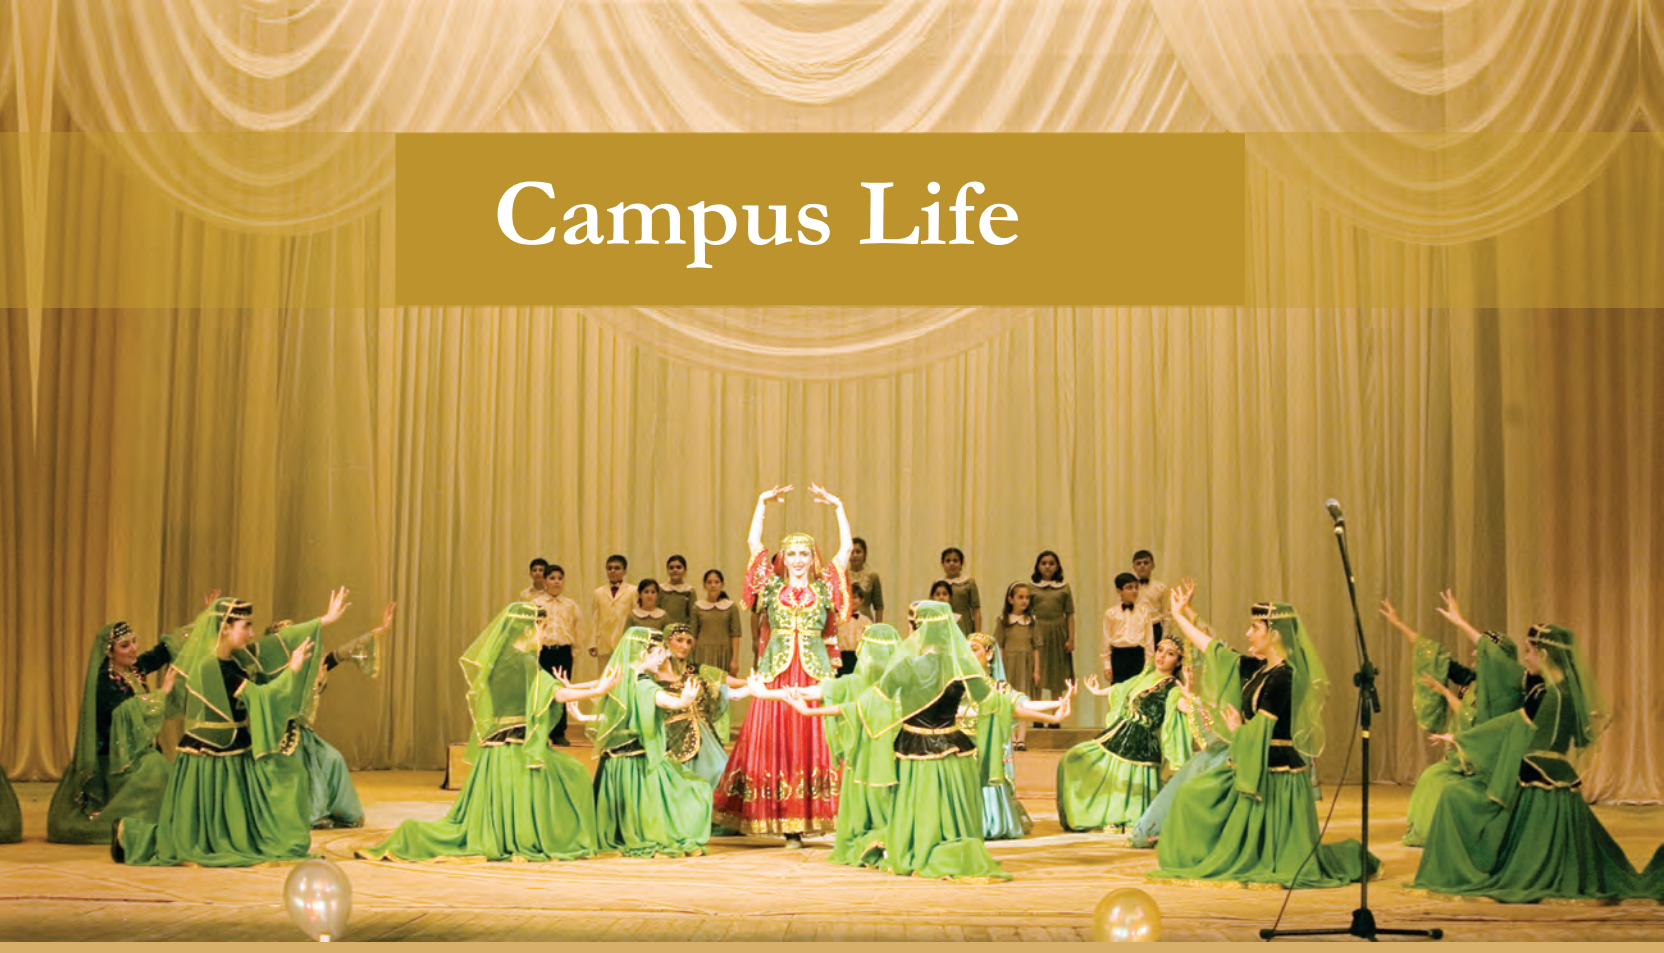
Alumni

Khazar Alumni are very successful in employment; they hold key positions in private, public and non-profit sectors and are employed by international and multinational companies, organizations and financial institutions in Azerbaijan as well as around the world.

Many of them occupy high positions, and pursue their graduate degrees at top universities across the world. Quite a number of them have established their own companies in tourism, retail, production, marketing, engineering, education and training, and other industries.

The Development Center administers different initiatives to connect and return alumni to Khazar University, maintaining relationships with them and providing opportunities to remain involved in university life and events.

Campus Life



The students at Khazar participate in various clubs and organizations. These include History, Dancing, Movie, Foreign Language, and Conversation Clubs, and many others.

The Department of Music and Fine Arts promotes the cultural activities of the university and involves its students, including internationals and faculty members, in events such as graduation ceremonies, concerts, and holiday celebrations.

The university frequently hosts events such as concerts, opera and national dance performances, poetry evenings, and "jubilee" birthday celebrations for scholars.

Arts
Sports
Entertainment

Sports play an important role in the life of students and staff of the university. Students are involved in:

- Soccer/Football
- Volleyball
- Basketball
- Various types of martial arts
- Chess
- Extreme sports
- and more

Students and staff are also involved in charity activities benefitting the community, including visits to orphanages and local nursing homes, blood donation drives, sharing holiday celebrations with war veterans, and organizing concerts for fundraising in order to pay for treatment of local handicapped residents.

Following my visits with Khazar students, faculty, and staff, I picture a world of Azerbaijanis and Americans growing ever closer together.

The spirit and energy of the Khazar community inspire me to work toward that goal.

Diana Cohen Altman,
USA
Executive Director, Karabakh Foundation
