

CV

Mohammad Mosaferi

*Professor of Environmental Health
Tabriz University of Medical Sciences*

CV Summary: I am a Professor of Environmental Health Engineering at Tabriz University of Medical Sciences with expertise in water quality, arsenic contamination, wastewater treatment, and environmental epidemiology. I hold a Ph.D. from Tehran University of Medical Sciences and completed a sabbatical at University College London. My work includes authoring books and publishing extensively in peer-reviewed journals, achieving an H-index of 29 on Google Scholar. Beyond academia, I founded and chair the **Environmental Research Monitoring Technology Company** and the **Azerbaijan Water Dialogue NGO**, while actively serving on the Coordination Council of Environmental NGOs of East Azerbaijan. Recognized with multiple national research awards, I am committed to integrating science, policy, and community engagement to promote sustainable environmental health solutions.

Sep, 2025

Mohammad Mosaferi

- **Professor of Environmental Health**

Faculty: Health, Tabriz University of Medical Sciences

Department: Environmental Health Engineering

Location: Tabriz(East Azerbaijan)

Main Expertise: Environmental Health Engineering

ORCID ID: orcid.org/0000-0001-6251-147X

ISI Research ID: L-6032-2017

Scopus Author ID: 23018932300

<https://scholar.google.com/citations?user=X0WeEEEEAAAAJ&hl=en>

H-index: 22(Scopus), 29(Google scholar)

- **Founder and Chairman of the Board of “Environmental Research Monitoring Technology Company”.**
- **Chairman of the Board of Directors of Azerbaijan Water Dialogue NGO**
- **Member of the Coordination Council of the “Network of Environmental NGOs of East Azerbaijan”**

Contact Information:

mmosaferi@yahoo.com, mosaferim@tbzmed.ac.ir

Tel: +98 (41) 33355952, +989144148984

Fax: +98 (41) 33340634

Address: Department of Environmental Health Engineering, Health Faculty, Attar-e-Neyshaboori St. Tabriz, Iran

Background and Education:

🎓 B.Sc

Environmental Health Engineering, College of Abureyhan, University of Tehran, Tehran, Iran(1996)

🎓 M.Sc

Environmental Health Engineering, University of Medical Science, Tehran, Iran (1999)

🎓 Ph.D

Environmental Health Engineering, University of Medical Science, Tehran, Iran (2005)

🎓 **Sabbatical leave**

London Arsenic Group, Research School of Earth Sciences at UCL-BIRKBECK, London, England, Sep 2004- Jan 2005 (Supervisor: Prof. Karen Hudson-Edwards)

Research Interest:

- Water Quality and Treatment, River Pollution and monitoring
- Arsenic in the Environment, Health Effects, Remediation
- Environmental Epidemiology and geomedicine
- Wastewater Treatment
- Environmental and Health Impact Assessment
- Waste Management, Mining and Soil pollution
- Passive defense

Teaching:

- Advanced and New Methods of Water Treatment, Processes and Design (PhD)
- Design of Water Treatment Facilities (MSc)
- Health Impact Assessment of Development (PhD)
- Environmental Impact Assessment of Development (MSc)
- Advanced Analysis Methods of Pollutants (MSc)

- Water Quality Management (MSc and BSc)
- Environment Chemistry (BSc)

Awards and Honors:

- Provincial Distinguished Researcher in the Field of Industry Relations Research, 2024
- Selected Researcher in Environmental Protection Field, East Azerbaijan Province, Iran
- Selected Young Researcher, Deputy of Research and Technology, Ministry of Health and Medical Education, Iran
- First Grade in Entrance Exam of PhD
- First Grade in Academic Course of PhD
- First Grade in Entrance Exam of MSc
- First Grade in Academic Course of MSc
- First Grade in Academic Course of BSc

Memberships, editorial boards:

- Member, Iranian Association of Environmental Health (IAEH)
- Member, Iran Water Resources Associations (WRA)
- Member, Iranian Association of Water and Wastewater (IRWWA)
- Member, Editorial Board of the Journal of Health Promotion Perspective
- Member, Editorial Board of Depiction of Health Journal (in Persian)
- Member, Editorial Board of Chemistry and Environmental Journal (in Persian)
- Member, Editorial Board of Journal of health research in community, Mazandaran University of Medical Sciences
- Member, Health and Environment Research Center, Tabriz University of Medical Sciences
- Member, Tabriz Health Services Management Research Center, Tabriz University of Medical Sciences
- Member, Water Quality Research Center, Institute of Environment, Tehran University of Medical Sciences, 2011-2013
- Member, National Strategic Climate Change and Health Committee of the Ministry of Health (Task Force on Water Quality and Waterborne Diseases), 2013
- Member, Committee on Environment and Sustainable Development, Tabriz Municipality Research Center, 2012
- Member, Environmental Health Educational Board, Ministry of Health, Iran(2011-2014)
- Member of the committee "Drafting the Drinking Water Quality Strategy Paper", Ministry of Health and Medical Education, Receive letter of appreciation from Health Minister
- Member, Executive Committee of Water Quality Management, East Azerbaijan Province, Iran
- Member, Waste Management Committee of Tabriz Municipality
- Member, Scientific Committee of National Environmental Health Conference (Since 2006)

Academic and Administrative Experience

- Full Professor, Department of Environmental Health Engineering, Faculty of Health, Tabriz University of Medical Sciences (2014)
- Associate Professor, Department of Environmental Health Engineering, Faculty of Health, Tabriz University of Medical Sciences (2011)
- Assistant Professor, Department of Environmental Health Engineering, Faculty of Health, Tabriz University of Medical Sciences (2005)
- Honorary Research Assistant, Department of Earth Sciences, College of Birkbeck University of UCL (London), UK, September 2004 - 2009
- Head of the Working Group on Environmental Science Development - Preserving Aquatic Ecosystems (2018)
- Deputy of Education, Faculty of Health, Tabriz University of Medical Sciences (2013-2016)
- Head of Department, Environmental Health Engineering, Tabriz University of Medical Sciences (2006-2010)
- Secretary of IAEH (2013-2015)
- Head of Environment and Sustainable Development Committee, Strategic Council of Tabriz Municipality, 2015-2016
- Head of the Working Group on Geomedicine, Iranian Environmental Health Research Network, 2011

- Head of Environmental Chemistry Laboratory, Faculty of Health, Tabriz University of Medical Sciences, Since 2006

Participation in International Training Course

- 8th International Course on Alternative Methods for Reduction of Pesticide Use 15-19 October 2018, INTERNATIONAL AGRICULTURAL RESEARCH AND TRAINING CENTER Camiikebir Mah. Cavuskoyulu Sok. No: 9, 35660, Menemen, Izmir (Turkey)

Dissertations: Supervisor and Advisor

Supervisor

- Quantity and quality of consumed pesticides and determination of knowledge and attitude of experts, sellers and farmers respect to the health effects of pesticide consumption in the East Azerbaijan province, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Investigating strategies to strengthen the role of health care providers in waste management in the villages of Maku (MSc Thesis, Community Based Health Education, TBZMED)
- The appropriateness check of educational packages on the needs of rural environmental health in order to improve the capabilities of health care providers (Case study: Mianeh), (MSc Thesis, Community Based Health Education, TBZMED)
- Assessment of Environmental Impacts of Salt Extraction from Urmia Lake and heavy metal in sediments of lake, (MSc Thesis, Environmental Health Engineering, TBZMED)
- A survey on knowledge and attitude of farmers of Ardebil about the application of pesticides for control of pest in potato farms with an emphasis on strengthening the role of Behvarz (Health server) role in reduction of health and environmental adverse effects, (MSc Thesis, Community Based Health Education, TBZMED)
- Investigating the effect of geographical factors on the scattering of multiple sclerosis in Chaharmahal o Bakhtiari and East Azarbaijan provinces and a comparative study on the dietary habits of patients with Healthy subjects , (MSc Thesis, Medical Geography, Tabriz University, co-Supervisor)
- Investigation of the effective of climatic factors in the incidence of brucellosis and its zoning in East Azarbaijan province, (MSc Thesis, Medical Geography, Tabriz University, co-Supervisor)
- Study of rural waste management in Tabriz city and presenting appropriate management models with stakeholder participation in 2017, (MSc Thesis, Vistual Community HealthEducation, TBZMED)
- Study of the desirability of drinking water in the residential areas of eastern margin of Lake Urmia in terms of quality standards of salts and the possible impact of drying of Lake Urmia on it. (MSc Thesis, Environmental Health Engineering, TBZMED)
- Investigation of the temporal and spatial changes of suspended particles (PM₁₀ and PM_{2.5} in the eastern margin of Urmia Lake using satellite imagery and assessment of the risk of respiratory and cardiovascular diseases, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Study of HSE status of tourism areas of Tabriz city and presenting management solutions to improve existing status
- Study of Cost - Effectiveness of Strategic Purchase of Environmental Health Services in Health Complexes of Tabriz
- Measurement of THMs in drinking water of Tabriz and its impact on related diseases (MSc Thesis, Environmental Health Engineering, TBZMED)
- Study of Exposure to Radon Exposure in Shabestar County (MSc Thesis, Environmental Health Engineering, TBZMED)
- Investigating of Water Quality in Drinking Water Sources and Distribution Networks of Ardabil and Providing Suitable Approaches for Removal of Arsenic (MSc Thesis, Environmental Health Engineering, TBZMED)
- Qualitative Study of Sahand Dam Water in Terms of Nutrients and Algae Growth in East Azerbaijan, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Modeling and Qualitative Analysis of Underground Drinking Water Resources Using PCA and GIS: A Case Study in Urmia Lake Neighboring Villages, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Investigating the Performance of Submerged Membrane System Electro-bioreactor (SMEBR) Pre-treatment with Anaerobic Anode Electrode in Municipal Wastewater Treatment, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Qualitative Modeling of Groundwater Resources of Tabriz, Herris, Bostanabad, Maraghe, Hashtrood, Miane and Charoymagh, (MSc Thesis, Environmental Health Engineering, TBZMED)

- Removal of Arsenic from Water by Zero-valent Iron Nano-particles Stabilized by Starch, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Inactivating E. coli by Zero-valent Iron Nanoparticles Stabilized by Starch, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Investigating Arsenic in Drinking Water of Sabalan and Related Skin Disorders, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Investigating Environmental Pollution Caused by Arsenic Abandoned Mine in Valilu Hennis (MSc Thesis, Geology, Payam-e-Noor Tabriz, co-Supervisor)

Advisor

- Application of iron waste catalyzed ozonation for inactivation and destruction of antibiotic resistance bacteria (ARBs) and genes (ARGs) present in municipal wastewater, (PhD Thesis, Environmental Health Engineering, TBZMED)
- Determination of concentration of trihalomethanes (THMs) and haloacetic acids (HAAs) in drinking water supply system of Urmia city in a one year round (MSc Thesis, Environmental Health Engineering, TBZMED)
- Health impact assessment of transport and discharge of municipal wastewater treatment plants effluents to Lake Urmia, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Survey on environmental aspects of scrap car management and disposal in Iran, (MSc Thesis, Solid Waste Management, TBZMED)
- Evaluation of microbial quality of drinking water in Mianeh rural areas and determination of corrective actions of rural health workers and technicians to improve water quality, (MSc Thesis, Community Based Health Education, TBZMED)
- Optimizing the Household Solid Wastes Separation Plan at Source in Tabriz: an Advocacy-based Intervention, (PhD Thesis, Health Education and Promotion, TBZMED)
- Analysis of microbiological quality, heavy metals and current management of sludge in municipal sewage treatment plants of East Azerbaijan Province (MSc Thesis, Environmental Health Engineering, TBZMED)
- Risk assessment of arsenic in drinking water of Ardabil, (PhD thesis, Tehran University of Medical Sciences, Environmental Research Institute)
- Performance evaluation and proposed optimization of active sludge system in wastewater treatment unit of ABS unit, Tabriz Petrochemical Complex, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Investigating pollution of drinking water sources to pesticides in agriculture: Case study in Malekan villages, (MSc Thesis, Environmental Health Engineering, TBZMED)
- Geographic Information System (GIS) in Congenital Abnormalities and Genetic: Case-control Study of congenital and Genetic Abnormalities in East Azerbaijan Province, (PhD thesis in Social Medicine, TBZMED)
- Investigating Geological and Medical of Arsenic in Ghorveh Bijar of Kurdistan, (PhD thesis of Geology, Shiraz University)
- Evaluating Environmental Health of Tabriz and Quantification of the Effects of Air Pollution (MSc Thesis, Environmental Health Engineering, Tehran University of Medical Sciences)

Research Projects:

Executive

- Health and ecological risk assessment of possible exposure to heavy metals and metalloids in surface sediments of Urmia Lake
- Evaluation of exposure to Radon in Shabestar county and its probable Health Effects, 2015 (Financial support by Tabriz University of Medical Sciences (TBZMED))
- Evaluation of Peroxide in Edible Oils Consumed in Tabriz and providing Recycling Solutions", 2015 (Financial support by TBZMED)
- Investigating Algae Growth and Eutrophication Status and its Management in Hashtrood Sahand Dam", 2014 (Financial support by TBZMED)
- Examination and Modeling of Drinking Water Quality in the Villages Around Urmia Lake, 2014 (Financial support by Rural Water and Wastewater Company of West Azerbaijan)

- Study of Sludge Management Status of Wastewater Treatment Plants in East Azerbaijan province, 2015 (Financial support by Environmental Protection Agency of the East Azerbaijan Province, 2014)
- Evaluation of Water Quality in Some Drinking Water Wells Within Ardebil and approaches for Removing Exceeded Levels of Arsenic and Nitrate ", 2013 (Financial support by Urban Water and Wastewater Company of Ardabil Province)
- Investigating the Performance of Submerged Membrane System Electro-bioreactor (SMEBR) Pre-treatment with Anaerobic Anode Electrode in Municipal Wastewater Treatment, 2013, (Financial support by TBZMED)
- Qualitative Modeling of Groundwater Resources of Tabriz, Herris, Bostanabad, Maraghe, Hashtroud, Miane and Charoymagh, 2011, (Financial support by Rural Water and Wastewater Company of East Azerbaijan)
- Removing Arsenic from Water by Zero-valent Iron Nano-particles Stabilized by Starch, 2012, (Financial support by TBZMED)
- Inactivating E. coli by Zero-valent Iron Nanoparticles Stabilized by Starch, 2012, (Financial support by TBZMED)
- Investigating Arsenic in Drinking Water of Sabalan and Skin Complications, 2011, (Financial support by TBZMED)
- Improving efficiency and optimizing energy consumption and determining the operating point of pumps and air compressor in Tabriz municipal wastewater treatment, 2011, (Financial support by Urban Water and wastewater Company of East Azerbaijan province)
- Comprehensive Investigating of Noise Pollution in Tabriz, 2009, (Financial support by TBZMED)
- Etiology of Fatal Accidents Resulting by Hazardous Chemicals Usages in the province of East Azerbaijan", 2006, (Financial support by the Governor of East Azerbaijan)
- Evaluation of Fluorosis Caused by Fluoride in Drinking Water of East Azerbaijan province, 2009, (Financial support by Science and Technology Park of East Azerbaijan Province)
- Investigating Health Effects of Arsenic in Charoymagh villages Water and Related Health Effects, 2006, (Financial support by Science and Technology Park of East Azerbaijan Province)
- Epidemiological Study of the Most Common Diseases in Mayan and Gopuz Villages of East Azerbaijan Province and its Association with Heavy Metals, 2006, (Financial support by Science and Technology Park of East Azerbaijan Province)
- Arsenic presence in Drinking Water of Hashtroud Villages", 2006, (Financial support by TBZMED)
- Evaluating Current Solid Waste Management According to Possible Presence of Heavy Metals in Tabriz Stone Cutting Factories in Order to Provide Appropriate and Practical Measures to Reduce Environmental Impacts, 2006, (Financial support by TBZMED)
- Chemical and Biological Water Quality Assessment in Food Industry to Enhance Food Safety of East Azerbaijan Province ", 2006 (Financial support by Food and Nutrition Security Program Approved Project in Province of East Azerbaijan)
- Chemical and Biological Water Quality Assessment in the Beverage ,Dairy and Cannery Industrials of East Azerbaijan Province to Enhance Food Safety, 2006 (Financial support by Food and Nutrition Security Program Approved Project in Province of East Azerbaijan)
- Evaluation Stone Cutting Factories Waste and Construction Debris in Qom and Their Environmental Impacts , 2003, (Financial support by the Management and Planning Organization of Qom province)
- Luminance Measurement of Office Rooms and Sub transmission Posts of Regional Electricity Company, 2003, (Financial support by Regional Electricity Company of East Azerbaijan Province)

Teammate and co-worker

- Study of salinity in Gezelozan River and its modeling in Moshampa Reservoir Dam in Zanjan Province (ongoing project).
- Pesticide Residues Used in Agriculture in Drinking Water in villages of Malakan, 2011, (Financial support by Rural Water and wastewater Company of East Azerbaijan)
- Study of Electronic Waste Management Status of Iran and Providing Management Solutions Based on Environmental and Sanitation Principles" , 2009, (Financial support by TBZMED)

- Investigating Heavy Metals Existence in Soil, Water Used in Irrigation and Crops in Tabriz Suburb, 2008, (Financial support by TBZMED)
- Investigating Tabriz Medical Wastes, 2007, (Financial support by TBZMED)
- Arsenic Health Effects and its Removal Methods from Drinking Water, 2004, (Financial support by the Health Research Institute, Tehran University of Medical Sciences, PhD desertation)
- Evaluating Effluent Reuse of Food and Pharmaceutical Industries of Tehran, 1998, (Financial support by the Health Research Institute, Tehran University of Medical Sciences, MSc desertation)

EIA (Environmental Impact Assessment) Projects (as Project Manager):

- Health Impact Assessment of West Transmission Line of Ethylene from Miandoab to Tabriz Petrochemical Complex
- Health Impact Assessment of Tabriz Refinery Optimization (Sulfur Treatment Plant)
- Health Impact Assessment of Tabriz Refinery Optimization (Hydro De Sulfurization plant, Gasoline)
- Environmental Impact Assessment of Tabriz Refinery Optimization (Sulfur Treatment Plant)
- Environmental Impact Assessment of Tabriz Refinery Optimization (Hydro De Sulfurization plant, Diesel)
- Environmental Impact Assessment of Tabriz Refinery Optimization (Sulfur Granulation Unit)
- Environmental Impact Assessment of Tabriz Refinery Optimization (Oil Mixing Unit)
- Supervision on Implementation of Environmental consideration of Shahriyar Gasoline Unit, Tabriz Refinery
- Environmental Impact Assessment of Jolfa Industrial Town
- Environmental Impact Assessment of Bilverdi Industrial Town
- Environmental Impact Assessment of Steel Rolling of Nab Azerbaijan Complex
- Environmental Impact Assessment of Foolad Kaveh Tikmehdash (Steel Company)
- Environmental Impact Assessment of Bonab Steel Company, (Iron Melting)
- Environmental Impact Assessment of Khezerloo Steel Company, (Iron Melting)
- Environmental Impact Assessment of Miyaneh Steel Company
- Environmental Impact Assessment of Azerbaijan Steel Complex
- Environmental Impact Assessment of Propylene Production from Propane, Mehrpotrochemia Company
- Environmental Impact Assessment of Synthetic Rubber Production, Sadaf Asalooyeh Company
