Assessment

The Quiz provides the teacher with quick information about the students' readiness for exams. It assesses four skills of an integrated course. It is held two weeks before Midterm and Final exams and gives feedback; monitors students' progress; identifies strengths, demonstrates weaknesses; evaluates instructional activities.

100

Oral exam gives instructors an opportunity to diagnose any major mistakes made by students in oral language.

The exam is held at the end of the course. Face—to face interaction—in oral language enables students to review the material covered during the course; build confidence to think and respond quickly; apply required vocabulary; encourage further oral proficiency; take part in the constructive exchange of ideas; communicate with two or more people on different topics and the ones related to their specific field of study

Writing portfolio:

Total

Students are required to build portfolios that involve written tasks covered during the course **Portfolio** evaluates students' ability to apply vocabulary gained in written form, to assess grammatical accuracy, demonstrate critical thinking and use imagination

Active Reading Strategies:

Students are required to read intensively and extensively both updated authentic informational texts(on science, history, education, environment etc.) and narratives(fiction, drama) that focus on building attitude, language and phonetic awareness, comprehension strategies, vocabulary development, writing skills, accuracy, creativity and imagination.

		Debate: Debate engages students in a variety of linguistic ways. In addition to providing listening speaking and writing practice, debate is also highly effective for developing student's critical and analytical skills.				
Policy		Attendance (Lateness): Attendance is important. Absences can be detrimental to one's grade due to the number of class activities (presentations and class participation) and complexity of the subject. For every three unexcused absences one (1) point will be deducted from the grade point average. More than 10 unexcused absences is excessive. Free participation is discouraged.				
		Missed exams or assignments: Advance notification show attend a scheduled presentation or test. Full class participat homework are necessary.				
		Academic Dishonesty: Any plagiarism while studying will be severely penalized, including the possibility of receiving a non-pass for the course. Reference should be given to the sources used in one's work. However, any research paper consisting of references and citations only, without further analysis by the student, will not be acceptable either. Cheating during the tests will be penalized including the possibility of a zero mark on the test.				
			of presentations / project papers will be pre-determined by the instructor. Free ations / paper topics are not allowed. Presentation in cooperation with other students is I if pre-agreed with the instructor.
