

Identification	Subject	ECON 203 Microeconomics – 3KU (6 ECTS)	
	Program	Undergraduate	
	Department	Economics and Management	
	Term	Fall 2023	
	Instructor	Anar Muradov	
	E-mail		
	Classroom/hours		
Prerequisites	ECON 101 Introduction to Economics		
Language	English		
Compulsory/Elective	Compulsory		
Textbooks and course materials	N. Gregory Mankiw: Principles of Economics, 8 th edition, 2018 Mcconnel, Brue and Flynn. Economics. 18th edition.2008		
Course objectives	Describing markets and identify the major markets in the economy. Explaining the supply and demand and how they determine the price of the goods and resources. Describing the productivity and optimization. Explaining the elasticity of supply and demand and their importance. Learning various concepts such as economy of scale, the law of diminishing returns, and marginal analysis to understand economic behavior.		
Course outline	This is an introductory undergraduate course that teaches the theory and application of microeconomics. In contrast with macroeconomics, microeconomics focuses on individual decision-making and how it affects people. The course topics focus on microeconomic issues and problems, such as consumer demand, and producer supply, competition and monopoly, pricing, elasticity etc.		
Learning outcomes	Upon successful completion of this course, students will know: <ul style="list-style-type: none">• And understand the economic problems.• How the individual economic agents make rational decisions considering scarce resources.• How to optimally use the resources at hand.• And apply the mechanics of Demand and Supply for Individuals, Firms, and the Market.• The notions of “efficacy” and “equity” by applying Marginal Analysis.• And measure the responsiveness of Supply and Demand to various variables. And differentiate various market structures, namely, Perfectly Competitive Markets, Non-Competitive Markets, and Imperfectly Competitive Markets and understand the differences in their operation.

Evaluation criteria	Methods	Date/deadlines	Percentage (%)
	Midterm exam	TBA	30
	Class attendance		5
	Class activity		5
	Seminar & presentation (10% each)		20
	Final exam	TBA	40
	Total		100

Policy	<p>Attendance and participation: The students are required to attend all classes as part of their studies and those having legitimate reasons for absence (illness, family bereavement etc.) are required to inform the instructor. Generally, four (4) unauthorized absence marks will lead to the students’ expulsion from the course. If a student is late to the class for more than ten (10) minutes, s/he is NOT allowed to enter and disturb the class. However, this student can enter the second double hours without delaying. The attendance and participation will account for 10 % of the total course grade, which depends on students’ good class attendance and active participation in class discussions.</p> <p>Preparation for class The structure of this course makes your individual study and preparation outside the class extremely important. The lecture material will focus on the major points introduced in the text. Reading the assigned chapters and having some familiarity with them before class will greatly assist your understanding of the lecture. After the lecture, you should study your notes and work relevant problems from the end of the chapter and sample exam questions. Throughout the semester we will also have many review sessions. These review sessions will take place during the regularly scheduled class periods.</p> <p>Withdrawal (pass/fail) This course strictly follows grading policy of the School of Economics and Management. Thus, a student is normally expected to achieve a mark of at least 60% to pass. In case of failure, he/she will be referred or required to repeat the course the following term or year. For referral, the student will be required to take examination scheduled by instructor.</p> <p>Presentation Acceptance of individual assignments of students for the course of “Microeconomics” will be carried out in the form of presentations on the topics chosen from the textbook. Students can choose other topics that are relevant to the content of the subject as a topic of independent work in consultation with the instructor.</p> <p>Cheating/plagiarism Cheating or other plagiarism during the Quizzes, Mid-term and Final Examination will lead to paper cancellation. In this case, the student will automatically get zero (0), without any considerations.</p> <p>Professional behavior guidelines The students shall behave in the way to create favorable academic and professional environment during the class hours. Unauthorized discussions and unethical behavior are strictly prohibited.</p>		
Tentative Schedule			
Week	Date/Day	Topics	Textbook/Assignments
1		The ten principles of economics Thinking like an economist	Chapter 1 Chapter 2
2		Interdependence and gains from trade	Chapter 3
3		The market forces of supply and demand	Chapter 4
4		Elasticity and its application	Chapter 5,
5		Supply, demand, and government policies	Chapter 6
6		Consumers, producers, and the efficiency of markets	Chapter 7
7		Application: The costs of taxation Application: International trade	Chapter 8 Chapter 9
8		Midterm	
9		Externalities Public goods and common resources	Chapter 10 Chapter 11
10		The costs of production	Chapter 13
11		Firms in competitive markets	Chapter 14
12		Monopoly	Chapter 15
13		Monopolistic competition	Chapter 16
14		Oligopoly	Chapter 17
15		The markets for the factors of production	Chapter 18
		Final Exam	

This syllabus is a guide for the course and any modifications to it will be announced in advance.
