exam.

Activity & Class Attendance evaluation criteria-Students are required to attend all classes in order to be able to follow all lectures. Participation in class discussions will play a vital role in assessment of students' activity rates. Assessment will be based on how active students are in the class discussions by answering the instructor's questions, and initiating to ask subject related questions, and providing their views and insights on respective matters.

Quizzes -At least two (2) quizzes will be held in order to evaluate factual standing points of students in terms of the covered topics. A main purpose of carrying out quizzes is to enforce students' focuses on covered lectures and provide students experience in solving several types of theoretical and numerical questions.

Homework-Student will have 2 homework during the semester. They will be required to complete the analysis of financial statements from different perspectives required on studies.

Group Practices-Project will be an assignment for each small group of three students. They might be required to prepare power point slides and present it in the class. In group assignment, a primary evaluation basis will be group work skills of students, and logical team decisions regarding the assignment or presented projects.

## Tentative Schedule and it is subject to changes
