<b>Course outline</b>	Entrepreneurship is fast-growing and ever-changing discipline. People of all ages, backgrounds, all nationalities are launching businesses of their own and in the process are reshaping the world’s economy. The purpose of this course is to open students’ mind to possibilities, challenges and rewards of owning their own businesses and to provide tools they will need to be successful if they choose the path of the entrepreneur. It is not an easy road to follow, but the rewards – both tangible and intangible- are well worth the risks. Not only may you be rewarded financially for your business ideas, but also like entrepreneurs the world over, you will be able to work at something you love!		
<b>Course objectives</b>	The main objective of this course is to lay the foundation for a solid understanding of the entrepreneurship concept and to serve as a practical guide to successfully launching and growing an entrepreneurial venture. This course will help students to understand the right way to launch and manage small business with the staying power to succeed and grow. It will also help students who want to become a successful innovators within their organization as well as those who plan to be entrepreneurs creating successful new ventures.		
<b>Learning outcomes</b>	The learning outcomes of this course are as follows: <ul style="list-style-type: none"><li>• To possess a well-grounded understanding of essential entrepreneurial business principals.</li><li>• To develop an understanding of important business issues as they relate to new ventures.</li><li>• To identify, appreciate, and assess the knowledge, attitudes, and skills of an entrepreneur.</li><li>• To study and observe entrepreneurial settings and entrepreneurial role models through exposure to actual business settings and experiences.</li><li>• To have an expanded awareness of the resources available for creating a business plan.</li><li>• To establish a level of confidence in creating a business plan as a tool to assess, create and communicate a business concept.</li></ul>		
<b>Teaching methods</b>	Lecture		x
