SUMMARY

I am a motivated electronics engineer and instructor with a passion for innovation and practical teaching. I have experience working with Arduino, ESP32, Micro:bit, and PCB design, and I enjoy building projects from idea to real product. I like to share my knowledge in a simple way and help students understand technology through practice. I always try to improve my skills, learn new things, and create solutions.

EXPERIENCE

Beta Dynamics MMC — ELECTRONICS ENGINEER (INTERN)	March 2020 - April 2020
Azerbaijan Military Factory - ELECTRONICS ENGINEER (INTERN)	January 2022 - April 2022
STEAMSpace Education Center - Robotics Instructor	October 2023 - May 2025
Ingress Academy - Robotics Instructor	August 2025 - Present

EDUCATION

Electronics, Telecommunication and Radiotechnics engineering (Bachelor) Azerbaijan State Oil and Industry University	2018-2022
Electronic Devices (Master) Khazar University	2022-2024

CERTIFICATIONS

- **Professional Electronics Course** – Technest, Code&More
- **B1 General English Course** – Barattson
- **Certificate of Participation** – STEAM Azerbaijan Festival
- **Training on STEAM Methodology and Project Development** – STEM PD

SKILLS

- **Creativity & Problem-Solving**
- **Teamwork & Communication**
- **Microsoft Office (Excel, Word, PowerPoint)**
- **C/C++ programming**
- **Arduino, ESP32 programming**
- **KiCAD**
- **MATLAB**
- **TinkerCAD**
- **Micro:bit**
- **Advanced Mathematics&Physics**
- **Electronic Circuits Calculation**

LANGUAGES

- **Azerbaijani** – Native
- **English** – Fluent Speaking
