Course outline		igned to give students a comprehensive view of communication, its			
	scope and importance in business, and the role of communication in establishing a favorable outside the firm environment, as well as an effective internal communications program. The activities included in this course are oriented towards				
		communication necessary for dealing with customers or clients, colleagues and other			
		siness. The list of the skill areas that are included in this course:			
	·	1) Speaking skills: socializing, telephoning, presentations, negotiations, meetings			
	2) Writing skills: emails, letters, faxes, memos, reports, minutes, announcements,				
	Notices				
	The aim of the course is to develop students' ability to communicate effectively in				
	English both orally and in writing, on business related topics.				
Course objectives	On this course, part	icipants will learn:			
	• to communicate w	vith others in practical, business-oriented situations			
	• to express themse	lves in English with greater fluency, accuracy and confidence			
	•to handle themselv	ves in English in a variety of business contexts, from negotiating, to			
	using the				
	telephone, to making presentations, to socializing				
	The content will be supported by systematic work on core grammatical structures,				
	vocabulary patterns				
Learning outcomes	By the end of this c	ourse, students should be able to:			
		and demonstrate the use of basic and elementary proper economic			
	techniques				
		tive and concise letters and memos			
		and edit copies of business correspondence			
		skills that are needed to succeed, such as using ethical tools,			
	working collaboratively, observing business etiquette				
	• Plan successfully for and participate in meetings and conduct proper
