Assessment and Policy	<p>Assessment:</p> <p>Active Reading Strategies: Students are required to read intensively and extensively both updated authentic informational texts (on science, history, education, environment etc.) and narratives (fiction,drama) that focus on building attitude, language and phonetic awareness, comprehension strategies, vocabulary development, writing skills, accuracy, creativity and imagination. If successfully, students will be able to get maximal 10 points.</p> <p>Writing portfolio: Students are required to build portfolios that involve written tasks covered during the course. Portfolio evaluates students' ability to apply vocabulary gained in written form, to assess grammatical accuracy, demonstrate critical thinking and use imagination. Students are supposed to write different kinds of paragraphs throughout the semester. The teacher will evaluate all those pieces of writings and continuously students will get feedback from the teacher. If successfully, students will be able to get maximal 5 points.</p> <p>Grammar Quiz During the course students are required to gain pre-intermediate level knowledge of grammar, such as Articles, Nouns, Pronouns, Tense Forms, Quantifiers, Conjunctions etc. This quiz will evaluate their deeper grammar knowledge based on their coursebook and the course itself. If successfully, students will be able to get maximal 5 points.</p> <p>Speaking exam gives instructors an opportunity to diagnose any major mistakes made by students in oral language. The exam is held at the end of the course. Face-to face interaction in oral language enables students to review the material covered during the course; build confidence to think and respond quickly; apply required vocabulary; encourage further oral proficiency; take part in the constructive exchange of ideas; communicate with two or more people on different topics and the ones related to their specific field of study. If successfully, students will be able to get maximal 5 points.</p>		

	<p>Class participation and activity. The students are expected to contribute to discussions in each class, to participate in debates(debate engages students in a variety of linguistic ways. It is also highly effective for developing students critical and analytical skills) actively and to do all home assignments given by the instructor and exercises from their student's book and workbook on time. If successfully, students will be able to get maximal 10 points.</p> <p>Policy: Attendance (Lateness): Attendance is important. Absences can be detrimental to one's grade due to the number of class activities (presentations and class participation) and complexity of the subject. For every three unexcused absences one (1) point will be deducted from the grade point average. More than 10 unexcused absences are excessive.Free participation is discouraged.</p> <p>Missed exams or assignments: Advance notification should be given if the student is unable to attend a scheduled presentation or test. Full class participation and completion ofassigned homework are necessary.</p> <p>Academic Dishonesty: Any plagiarism while studying will be severely penalized, including the possibility of receiving a non-pass for the course. Reference should be given to the sources used in one's work. However, any research paper consisting of references and citations only, without further analysis by the student, will not be acceptable either. Cheating during the tests will be penalized including the possibility of a zero mark on the test.</p> <p>Topics of presentations / project papers will be pre-determined by the instructor.
